IT IS AGREED AS FOLLOWS:

1. **Risks.** I understand that anyone riding, driving, handling, working with, or even near an equine, at any location can suffer bodily and other injuries. Among other things, equines are unpredictable by nature. For example, when frightened, angry, or under stress, the natural instincts of an equine are to jump forward or sideways, back up quickly, or run away from real or perceived danger by trotting or galloping. Equines also have the ability to kick, buck, rear up, spin around, stomp, stampede, strike, or bite. I know that equines can do these and other things without warning. I also understand that all equines, even if they have no history of hurting anyone, are powerful and have the potential to be dangerous to people and other equines.

I also understand that riding, driving, handling, working with, or even being near an equine can expose me to numerous hazards, which could include, for example: the propensity of an equine to behave in ways that may result in injury, harm, or death to persons on or around them; the unpredictability of an equine’s reaction to sounds, sudden movements, and unfamiliar objects, persons, or other animals; certain hazards such as surface or subsurface conditions on the land where The Activities take place; and/or collisions with other equines, animals, or objects. ***I understand these risks and dangers that are inherent in farm animal, livestock, and equine-related activities, and I agree to assume all of them. I also understand that these are just some of the risks, and I agree to assume others that are not mentioned in this document. I am NOT relying on Stable to list all possible risks.***

2. **Consideration/Binding Effect.** I am signing this document in full consideration of the risks and for being allowed to engage in any or all of The Activities. I understand that although I am signing this document today, I intend for this document to be valid and binding now and at all times in the future when I engage in any or all of **The Activities** at any location.
